

## **18. symposium Inovacije in novi načini zdravljenja srčnega popuščanja**

**in**

## **17. symposium Branislav »BRANO« Radovancevic Heart Failure Forum**

### **Instructions for Abstract Preparation**

All abstracts presenting research results in the broader field of heart failure diagnosis and treatment are welcome. The abstract should be structured and written in English, using the following sections: *Background, Aims, Methods, Results, Conclusions*. The abstract should be no longer than 350 words (this does not include the title or the authors' names and affiliations). Affiliations for all authors must be provided, and the corresponding author should be underlined. Contact details for the corresponding author must be included at the end of the abstract.

Commonly accepted abbreviations may be used; others should be explained within the text. Authors may attach one table or figure to the abstract. Each table or figure counts as 50 words. Text and tables should be submitted in .docx format, and images in JPEG format (minimum resolution: 600 x 600 pixels). There is no need to include references.

### **Abstract Submission**

The deadline for abstract submission is **August 31, 2025**.

Please send your abstracts via email to [brms.slo@gmail.com](mailto:brms.slo@gmail.com).

### **Abstract Review Process**

All submissions will undergo anonymous review by an international panel of reviewers. The corresponding author will be notified of the committee's decision via email by September 3, 2025, at the latest.

### **Presentation of Abstracts**

Posters will be presented in digital format. Authors of accepted abstracts will receive detailed instructions for preparing and submitting e-posters via email. Presentation of selected posters will take place in the foyer of the Europa Hall, Bernardin Convention Center. The exact schedule will be announced in a final program.

**All accepted abstracts will be published in the journal *Transplantation and Regenerative Medicine*.**
